RE: Proposed Amendment to Gaming Activity Authorization Regulations

Dear Ms. George,

I am writing to **OPPOSE** the proposed regulations that hinder Limelight ability to waive collections fees in controlled games. These proposed regulations will cause me to **LOSE MY JOB** at Limelight and put my family's future at risk. Moreover, the City of Sacramento, CA will suffer a sharp reduction in general fund revenue much of which funds police and fire support in our area.

If the Bureau requires that card rooms such as Limelight charge fees on every hand played, we will be at a serious competitive disadvantage to local tribal casinos and suffer a drastic loss of revenue. For the past _____, Limelight has provided safe, legal gaming while **contributing LIVING WAGE JOBS and VITAL TAX REVENUE to the Sacramento, CA**. Many of these jobs and most of the tax revenue will be lost if these regulations become law.

No other gaming business in California is forced by law to charge its customers a fee per wager, and there is no reasonable basis for the Bureau to institute this practice. History has shown that price controls **HURT CONSUMERS** and have no place in a progressive state like California. Please do not cede to the special interests proposing these regulations and let our card room set its pricing based on local market conditions.

Thank you for your consideration of this matter.

Sincerely,

Name: ERIK DETHERAGE

Signature:

RE: Proposed Amendment to Gaming Activity Authorization Regulations

Dear Ms. George,

I am writing to **OPPOSE** the proposed regulations that hinder Delta Club ability to waive collections fees in controlled games. These proposed regulations will cause me to **LOSE MY JOB** at Delta Club and put my family's future at risk. Moreover, the City of Stockton will suffer a sharp reduction in general fund revenue much of which funds police and fire support in our area.

If the Bureau requires that card rooms such as Delta Club charge fees on every hand played, we will be at a serious competitive disadvantage to local tribal casinos and suffer a drastic loss of revenue. For the past 11, Delta Club has provided safe, legal gaming while **contributing LIVING WAGE JOBS and VITAL TAX REVENUE to the Stockton**. Many of these jobs and most of the tax revenue will be lost if these regulations become law.

No other gaming business in California is forced by law to charge its customers a fee per wager, and there is no reasonable basis for the Bureau to institute this practice. History has shown that price controls **HURT CONSUMERS** and have no place in a progressive state like California. RE: Proposed Amendment to Gaming Activity Authorization Regulations

Dear Ms. George,

On behalf of the City of Sacramento, I am writing to inform you of our opposition to any proposed regulations that hinder a gambling establishments ability to collect or waive fees as a such regulations would be a **JOB KILLER** in our community.

This bill would severely limit a cardroom's ability to operate by mandating that cardrooms charge their customers certain collection fees per wager. In our community a mandatory collection fee would place our cardroom at a competitive disadvantage, and as a result the cardroom would be forced to close due to a drastic loss of revenue.

The cardroom in our city is a major employer in our community, and its closure would severely disrupt our local economy. Moreover, the cardroom provides significant and important revenues that benefit our city. These revenues pay for important programs and services including public safety, parks and recreation, water delivery systems, transportation, and social services.

As our community works through difficult economic times, it is imperative that we are able to maintain our local living wage jobs and tax revenues. I can assure you that our entire community has benefited from the cardroom's resources. The implementation of these proposed regulations would severely impact our city, and hinder our ability to continue providing quality programs and vital services for our residents.

Thank you for your consideration of this matter

Sincerely,

RE: Proposed Amendment to Gaming Activity Authorization Regulations

Dear Ms. George,

On behalf of the Limelight, I am writing to inform you of our **OPPOSITION** to any proposed regulations that hinder a gambling establishments ability to collect or waive fees as a such regulations would be a **JOB KILLER** in our community.

These regulations would place an unnecessary burden on cardroom businesses in our area by mandating that they charge their customers certain collection fees per wager. For the past decade, cardrooms have had the freedom to charge their customers as they desired, and the government should not force businesses to charge their customers certain fees. Moreover, a government required collection fee would place an unnecessary restraint on many cardrooms, and position them at a competitive disadvantage to other gaming interests in the State. If these regulations were to go into effect, the cardrooms in our city would go out of business, and hundreds of jobs would be lost, further hindering SACRAMENTO (Enter City) economic recovery.

At a time when many small businesses are struggling through these difficult economic times, it is imperative that businesses have the flexibility to charge their customers as they see fit. Special interests should not be able to push regulations that dictate pricing models so that they do not have to compete with small businesses. This proposal is a form of regulatory price fixing, and it should not be tolerated. Responsible business owners in this state should be able to determine the fees that they want to charge their customers. The cardrooms in our area are a major employer in our community, and their closure would severely disrupt our local economy. For these reasons and more, we respectfully OPPOSE these proposed regulations and label them as a **JOB KILLER**.

Thank you for your consideration of this matter

Sincerely,
