INITIATIVE COORDINATOR
ATTORNEY GENERAL'S OFFICE

Dear Ashley Johansson, Initiative Coordinator:

Pursuant to Article II, Section 10(d) of the California Constitution, I am requesting the preparation of a title and summary for a referendum of Assembly Bill 154 (CHAPTER 662, Statutes of 2013).

I have also included with this request, the signed Proponent Certifications required under California Elections Code sections 9001(b) and 9608, my voter registration address, and payment in the amount of \$200.

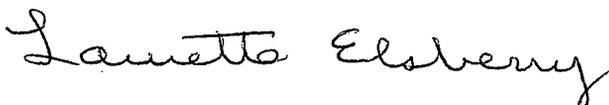

I am a registered voter in the State of California.

Please contact me at my voter registration residence address, or by telephone, or e-mail using the information provided on the attached letter should you have any questions or require additional information.

You may provide my e-mail address: laurette.elsberry@gmail.com for public inquiries

Thank you.

Sincerely,

Laurette Elsberry, Proponent

Assembly Bill No. 154

CHAPTER 662

An act to amend Section 2253 of, and to add Sections 2725.4 and 3502.4 to, the Business and Professions Code, and to amend Section 123468 of the Health and Safety Code, relating to healing arts.

[Approved by Governor October 9, 2013. Filed with
Secretary of State October 9, 2013.]

LEGISLATIVE COUNSEL'S DIGEST

AB 154, Atkins. Abortion.

Existing law makes it a public offense, punishable by a fine not exceeding \$10,000 or imprisonment, or both, for a person to perform or assist in performing a surgical abortion if the person does not have a valid license to practice as a physician and surgeon, or to assist in performing a surgical abortion without a valid license or certificate obtained in accordance with some other law that authorizes him or her to perform the functions necessary to assist in performing a surgical abortion. Existing law also makes it a public offense, punishable by a fine not exceeding \$10,000 or imprisonment, or both, for a person to perform or assist in performing a nonsurgical abortion if the person does not have a valid license to practice as a physician and surgeon or does not have a valid license or certificate obtained in accordance with some other law authorizing him or her to perform or assist in performing the functions necessary for a nonsurgical abortion. Under existing law, nonsurgical abortion includes termination of pregnancy through the use of pharmacological agents.

Existing law, the Nursing Practice Act, provides for the licensure and regulation of registered nurses, including nurse practitioners and certified nurse-midwives, by the Board of Registered Nursing. Existing law, the Physician Assistant Practice Act, provides for the licensure and regulation of physician assistants by the Physician Assistant Board within the jurisdiction of the Medical Board of California.

This bill would instead make it a public offense, punishable by a fine not exceeding \$10,000 or imprisonment, or both, for a person to perform an abortion if the person does not have a valid license to practice as a physician and surgeon, except that it would not be a public offense for a person to perform an abortion by medication or aspiration techniques in the first trimester of pregnancy if he or she holds a license or certificate authorizing him or her to perform the functions necessary for an abortion by medication or aspiration techniques. The bill would also require a nurse practitioner, certified nurse-midwife, or physician assistant to complete training, as specified, and to comply with standardized procedures or protocols, as specified, in order to perform an abortion by aspiration techniques, and

would indefinitely authorize a nurse practitioner, certified nurse-midwife, or physician assistant who completed a specified training program and achieved clinical competency to continue to perform abortions by aspiration techniques. The bill would delete the references to a nonsurgical abortion and would delete the restrictions on assisting with abortion procedures. The bill would also make technical, nonsubstantive changes.

Because the bill would change the definition of crimes, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The people of the State of California do enact as follows:

SECTION 1. Section 2253 of the Business and Professions Code is amended to read:

2253. (a) Failure to comply with the Reproductive Privacy Act (Article 2.5 (commencing with Section 123460) of Chapter 2 of Part 2 of Division 106 of the Health and Safety Code) constitutes unprofessional conduct.

(b) (1) Except as provided in paragraph (2), a person is subject to Section 2052 if he or she performs an abortion, and at the time of so doing, does not have a valid, unrevoked, and unsuspended license to practice as a physician and surgeon.

(2) A person shall not be subject to Section 2052 if he or she performs an abortion by medication or aspiration techniques in the first trimester of pregnancy, and at the time of so doing, has a valid, unrevoked, and unsuspended license or certificate obtained in accordance with the Nursing Practice Act (Chapter 6 (commencing with Section 2700)) or the Physician Assistant Practice Act (Chapter 7.7 (commencing with Section 3500)), that authorizes him or her to perform the functions necessary for an abortion by medication or aspiration techniques.

(c) In order to perform an abortion by aspiration techniques pursuant to paragraph (2) of subdivision (b), a person shall comply with Section 2725.4 or 3502.4.

SEC. 2. Section 2725.4 is added to the Business and Professions Code, to read:

2725.4. Notwithstanding any other provision of this chapter, the following shall apply:

(a) In order to perform an abortion by aspiration techniques pursuant to Section 2253, a person with a license or certificate to practice as a nurse practitioner or a certified nurse-midwife shall complete training recognized by the Board of Registered Nursing. Beginning January 1, 2014, and until January 1, 2016, the competency-based training protocols established by

Health Workforce Pilot Project (HWPP) No. 171 through the Office of Statewide Health Planning and Development shall be used.

(b) In order to perform an abortion by aspiration techniques pursuant to Section 2253, a person with a license or certificate to practice as a nurse practitioner or a certified nurse-midwife shall adhere to standardized procedures developed in compliance with subdivision (c) of Section 2725 that specify all of the following:

(1) The extent of supervision by a physician and surgeon with relevant training and expertise.

(2) Procedures for transferring patients to the care of the physician and surgeon or a hospital.

(3) Procedures for obtaining assistance and consultation from a physician and surgeon.

(4) Procedures for providing emergency care until physician assistance and consultation are available.

(5) The method of periodic review of the provisions of the standardized procedures.

(c) A nurse practitioner or certified nurse-midwife who has completed training and achieved clinical competency through HWPP No. 171 shall be authorized to perform abortions by aspiration techniques pursuant to Section 2253, in adherence to standardized procedures described in subdivision (b).

(d) It is unprofessional conduct for any nurse practitioner or certified nurse-midwife to perform an abortion by aspiration techniques pursuant to Section 2253 without prior completion of training and validation of clinical competency.

SEC. 3. Section 3502.4 is added to the Business and Professions Code, to read:

3502.4. (a) In order to receive authority from his or her supervising physician and surgeon to perform an abortion by aspiration techniques pursuant to Section 2253, a physician assistant shall complete training either through training programs approved by the board pursuant to Section 3513 or by training to perform medical services which augment his or her current areas of competency pursuant to Section 1399.543 of Title 16 of the California Code of Regulations. Beginning January 1, 2014, and until January 1, 2016, the training and clinical competency protocols established by Health Workforce Pilot Project (HWPP) No. 171 through the Office of Statewide Health Planning and Development shall be used as training and clinical competency guidelines to meet this requirement.

(b) In order to receive authority from his or her supervising physician and surgeon to perform an abortion by aspiration techniques pursuant to Section 2253, a physician assistant shall comply with protocols developed in compliance with Section 3502 that specify:

(1) The extent of supervision by a physician and surgeon with relevant training and expertise.

(2) Procedures for transferring patients to the care of the physician and surgeon or a hospital.

(3) Procedures for obtaining assistance and consultation from a physician and surgeon.

(4) Procedures for providing emergency care until physician assistance and consultation are available.

(5) The method of periodic review of the provisions of the protocols.

(c) The training protocols established by HWPP No. 171 shall be deemed to meet the standards of the board. A physician assistant who has completed training and achieved clinical competency through HWPP No. 171 shall be authorized to perform abortions by aspiration techniques pursuant to Section 2253, in adherence to protocols described in subdivision (b).

(d) It is unprofessional conduct for any physician assistant to perform an abortion by aspiration techniques pursuant to Section 2253 without prior completion of training and validation of clinical competency.

SEC. 4. Section 123468 of the Health and Safety Code is amended to read:

123468. The performance of an abortion is unauthorized if either of the following is true:

(a) The person performing the abortion is not a health care provider authorized to perform an abortion pursuant to Section 2253 of the Business and Professions Code.

(b) The abortion is performed on a viable fetus, and both of the following are established:

(1) In the good faith medical judgment of the physician, the fetus was viable.

(2) In the good faith medical judgment of the physician, continuation of the pregnancy posed no risk to life or health of the pregnant woman.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.
