\* \$97,383 of the Grand Total civil penalties were assessed under Business and Professions Code section 17206 for violations of the Unfair Competition Law. (See p. 53.)

\* A non-contingent penalty is the civil penalty that must be paid pursuant to the settlement, regardless of future events or actions of the defendant. If a settlement includes a contingent penalty, the plaintiff should report the additional penalty amount when it becomes due.

Settlements may contain injunctive relief and monetary payments that cannot be presented in summary form, and that require reference to the actual settlement documents to accurately assess. Copies of Proposition 65 settlements are available on the Attorney General's website, at <http://oag.ca.gov/prop65>. This report should not be used by itself to evaluate Proposition 65 settlements.
