

PLEASE NOTE:

With the release of Microsoft's XP Service Pack 2 (SP2), pop-up blocking is now directly integrated into Internet Explorer 6.0. By default pop-up blocking is enabled within SP2.

1. Open Internet Explorer
2. On the **Tools** menu point to **Pop-up Blocker**.

3. Click **Pop-up Blocker Settings**.
4. Type in our Website Address: **http://ag.ca.gov** and click **Add** to allow our site to show pop-ups in your browser.
