Once you activate your PrivacyArmor membership, your credit report will be monitored. You will receive timely credit alerts from InfoArmor on any key changes in your credit report. - **\$1 Million Identity Theft Insurance:** If you are a victim of fraud, InfoArmor will reimburse your out of pocket costs to reinforce your financial security.

2. Tax-Related Fraud. To reduce the risk of tax-related fraud, you may contact the IRS Identity Protection Specialized Unit at (800) 908-4490 (Monday - Friday, 7 am - 7 pm local time); <https://www.irs.gov/uac/Newsroom/Tips-for-Taxpayers--Victims-about-Identity-Theft-and-Tax>Returns-2014>. You may be asked to fill out an IRS Identity Theft Affidavit, [Form 14039](#) after the call.

3. Review your credit reports. You can receive free credit reports by placing a fraud alert. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three national credit bureaus. To obtain a free annual credit report, go to www.annualcreditreport.com or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report from one of the three credit bureaus every four months.

4. Review your account statements. You should carefully review for suspicious activity the statements that you receive from credit card companies, banks, utilities and other service providers.

5. Remain vigilant and respond to suspicious activity. If you receive an e-mail or mail alert from InfoArmor, contact a PrivacyArmor Privacy Advocates at 800 789-2720 or www.myprivacyarmor.com. If you notice suspicious activity on an account statement, report it to your credit card company or service provider and consider closing the account. You also should consider reporting such activity to your local police department, your state's attorney general, and the Federal Trade Commission.

6. Consider placing a fraud alert with one of the three national credit bureaus. You can place an initial fraud alert by contacting one of the three national credit bureaus listed below. For 90 days, an initial fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you but also may delay you when you seek to obtain credit. If you decide to enroll in PrivacyArmor, you should place the fraud alert after enrolling. The contact information for all three bureaus is as follows:
