Re: Notice of Potential Security Incident

Dear Sir/Madam:

Pursuant to Cal. Civ. Code § 1798.82 et seq., we are writing to inform you that American Tool Supply ("ATS") is providing notice to certain California residents regarding a recent potential intrusion to the ATS online ordering system (the "ATS System") that may have compromised personal information.

I. Nature of the Potential Security Incident

On August 1, 2012, ATS discovered that a hacker gained access to the ATS System. Upon discovery, ATS suspended the ATS System and removed all financial information that was stored on it. ATS also initiated an internal investigation to determine whether personal information was stored on, or accessible from, the ATS System. Moreover, the IBM X-Force forensics team was also engaged to investigate the incident.

The investigation revealed that computer hackers gained access to the ATS System, and that the ATS System stored certain customer names and credit card numbers. Although the investigation has not found evidence that personal information was actually accessed or acquired, out of an abundance of caution, ATS has decided to notify those customers whose personal information was stored on the ATS System.

II. Number of California Residents Affected

ATS has identified six hundred and seventeen (617) California residents potentially affected by the incident.

III. Steps ATS Has Taken or Plans to Take Relating to the Incident

First, upon discovery of the incident, ATS disabled the ATS System and removed financial information that was stored on it.

Second, ATS launched an internal investigation into the incident and engaged a third party forensics team to assist in the investigation.

Third, ATS sent an initial notice to certain customers that it identified as potentially being implicated and encouraged them to review their accounts for suspicious activity.

Fourth, on November 20, 2012, ATS is sending notice to the California residents that it believes may have had personal information stored on the ATS System. ATS will be providing notice by written letter sent to each resident's last-known address. A sample of the notification letter is enclosed.

Fifth, ATS has partnered with AllClear ID to help protect the potentially affected individuals from identity theft. Specifically, it has purchased for those individuals twelve months of AllClear ID's identity protection service, which helps detect possible misuse of personal information and provides other identity protection services.

Sixth, ATS has provided the affected residents with a toll-free number that they may call with questions about the incident, as explained in the enclosed sample notification letter.

Finally, ATS is introducing new security measures to prevent an incident like this from occurring again.

Please contact me if you have any questions or would like additional information.

Very truly yours,

HOLLAND & KNIGHT LLP

Dear John Q Sample,

I am writing to notify you about a potential security incident. We have discovered that the ATS Industrial Supply online ordering system was attacked by computer hackers. Upon discovery, we immediately disabled the ATS ordering system and launched an internal investigation to determine whether any personal information was stored on, or accessible from, the system. We also engaged a third party computer forensics team to assist us in determining the extent to which the ATS system may have been compromised.

The investigation found that computer hackers gained access to the ATS system, which contained certain personal information, including customer names and credit card numbers. Although we cannot confirm whether any personal information was actually accessed or acquired, we are notifying you because your personal information was stored on the ATS system.

We would like to emphasize that, to date, we have no evidence that your personal information was actually accessed or acquired. Nevertheless, as a precautionary measure, we have purchased twelve months of identity protection services from AllClear ID, at no cost to you, to help protect you against identity theft.

You must register with AllClear ID before February 15, 2013, to receive this complimentary identity protection service. You will need to provide the redemption code that is listed at the top of this letter. You may register online at enroll.allclearid.com, by mail using the enclosed mail-in registration form or by phone by calling (877) 615-3748. Please note that additional action on your part may be required after registration in order to activate certain features of the service. Mailed registrations may take up to ten (10) business days before the registration is received and you are able to log-in to activate these features. Please see the enclosure to learn more about AllClear ID.

Experts recommend that you periodically review your credit report and account statements, even if you do not initially find suspicious activity. We have also included with this letter an explanation of additional steps you may consider taking to further protect yourself. Moreover, you should not provide personal information to others unless you are certain of the requester's identity and, as always, you should remain vigilant for incidents of fraud and identity theft.

ATS takes its responsibility to protect your privacy very seriously. We regret that this incident occurred, and we are taking steps to prevent future incidents of this nature. If you have any questions, please do not hesitate to contact representatives from AllClear ID, toll-free, at (877) 615-3748, Monday through Saturday between 8:00 a.m. and 8:00 p.m. CST.

IDENTITY THEFT PRECAUTIONS

Free Credit Report

The Fair Credit Reporting Act requires each of the three nationwide consumer reporting agencies (Equifax, Experian and TransUnion) to provide you annually, upon request, with a free copy of your credit report. Obtaining a copy of your credit report from each agency on an annual basis, and reviewing it for suspicious activity, can help you spot problems and address them quickly. You can request your free credit report online at www.annualcreditreport.com or by phone at 1-877-322-8228. You can also request your free credit report by completing the request form available at www.annualcreditreport.com, and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281.

Fraud Alert

As a precaution against identity theft, you can consider placing a fraud alert on your credit file. A "fraud alert" tells creditors to contact you before opening a new account or changing an existing account. A fraud alert also lets your creditors know to watch for unusual or suspicious activity. To place a fraud alert, call any one of the three major consumer reporting agencies listed below. An initial fraud alert remains effective for ninety days, and is free of charge. If you wish, you can renew the fraud alert at the expiration of this initial period. As soon as one credit agency confirms your fraud alert, the others are notified to place fraud alerts on your file.
