INITIATIVE COORDINATOR  
ATTORNEY GENERAL'S OFFICE

Request for Title and Summary for Proposed Initiative

Dear Initiative Coordinator Ashley Johansson:

Pursuant to Article II, Section 10(d) of the California Constitution, we the undersigned are submitting the attached proposed statewide Constitutional Amendment ballot initiative to your office and request the preparation of a title and summary for the ballot initiative as provided by law.

We propose the title: The Compassionate and Sensible Access Act.

We have also included with this letter the signed Proponent Certifications required under California Elections Code sections 9001(b) and 9608, our voter registration addresses and payment in the amount of \$200.

Please direct all correspondence to:

Rick Fenton  
1638 8<sup>th</sup>. Ave.  
Olivehurst Ca. 95961  
415-756-0531

Thank you for your time and attention to this matter.

## INITIATIVE CONSTITUTIONAL AMENDMENT TO BE SUBMITTED DIRECTLY TO THE VOTERS

Title: The Compassionate and Sensible Access Act

### Findings and Declarations

The People of the State of California, through the passage of the Compassionate Use Act, recognize that cannabis in all forms, including but not limited to its flowers, leaves, and derivatives and concentrates thereof, is an alternative medicinal treatment.

Since the passage of the Compassionate Use Act, more and more evidence supports the People's conclusion that cannabis is a valuable medicinal herb.

Despite this evidence and the People's desire to make access to cannabis safe and affordable to anyone it may help, many local jurisdictions have sought to pass regulations and restrictions effectively denying such safe and affordable access.

Therefore, We the People propose this Compassionate and Sensible Access Act be added to the Constitution of the State of California:

Cannabis is a legitimate, alternative medicinal treatment. Therefore:

- (1) No state or local agency or body shall adopt a law that burdens in any way the ability of doctors to recommend cannabis for medicinal and/or therapeutic purposes, unless said law applies such burden equally to the recommendation of other herbal or therapeutic treatments.
- (2) No state or local agency or body shall pass any law which impedes a patient's ability to obtain or cultivate cannabis in any manner that is consistent with the other flora cultivation and business in said jurisdiction.
- (3) No state or local agency or body shall enact any legislation that impedes a patient's ability to obtain, transport or cultivate cannabis, so long as the method of obtaining, cultivating or transporting cannabis is consistent with the business practices and/or cultivation practices of other flora in said jurisdiction.
- (4) No state or local agency or body shall adopt laws that create non-competitive marketplaces for medical cannabis and its derivatives.

### Definitions

For the purposes of this act, cannabis is defined as (a) a genus of flowering plants that includes three different species, *Cannabis sativa*, *Cannabis indica* and *Cannabis ruderalis*, (b) any member of such genus, and (c) any part or any derivative of such plant or plants.

This section shall be interpreted liberally to effect the purposes set forth herein.
