VI. Construction: If any rival or conflicting initiative regulating any matter addressed by this Act receives the higher affirmative vote, then all non-conflicting parts shall become operative.

VII. Purpose of Act: This Act is an exercise of the police powers of the State for the protection of the safety, welfare, health, and peace of the people and the environment of the State, to protect the industrial and medicinal uses of cannabis hemp, to eliminate the unlicensed and unlawful cultivation, selling, and dispensing of cannabis hemp; and to encourage temperance in the consumption of cannabis hemp euphoric products. It is hereby declared that the subject matter of this Act involves, in the highest degree, the ecological, economic, social, and moral well-being and safety of the State and all of its people.
