<i>Subject:</i> Required Reporting to the Attorney General on Juvenile Electronic Monitoring		<i>No.</i> 26-04-CJIS <i>Date:</i> 07-23-2026	<i>Contact for information:</i> Criminal Justice Statistics Center JEMReporting@doj.ca.gov

TO: ALL PROBATION DEPARTMENT CHIEFS

California Penal Code (PC) section 13012.4 requires the California Department of Justice (DOJ) to annually report the number of minors placed on electronic monitoring, as defined in Section 628.2 of the Welfare and Institutions Code, as well as specified information for each minor (described further below). To effectuate this mandate, effective **July 1, 2026**, all probation departments have access to a new Juvenile Electronic Monitoring (JEM) site to submit the data required by PC section 13012.4. The site is ready for your agency's training and testing purposes.

DOJ's Criminal Justice Statistics Center will begin sending information on registration for training sessions via email in July 2026.

The submission window to close out 2026 data will begin on January 1, 2027, and go through February 28, 2027. Submissions for subsequent years will follow the same reporting timeframe. Data submissions into JEM will be compiled into an annual report, which will be published on the DOJ's OpenJustice portal by July 1st for the preceding calendar year.

In summary:

- DOJ will collect data mandated by PC 13012.4 through JEM.
- Users will access JEM via a link within the Juvenile Court and Probation Statistical System (JCPSS).
- Existing JCPSS accounts will automatically have access to the new JEM module.
- Users will be able to enter records into JEM individually or with a bulk upload option.
