Customer Incentive Program

How Points are Earned Based on Time Played

Points shall be earned based on the amount of time played. Each player that plays at a predetermined and posted table and has their player's card scanned by a casino representative will earn points based on time played, which can be redeemed for prizes during or at the end of a predetermined and posted promotional period. The range of points per hour played will range from 1 to 200,000. During predetermined and posted times, bonus rates may be offered by the Casino (for example, double points may offered during off-peak hours).

Example: A player signs up for the Customer Incentive Program at the cashier and receives a player's card. The player presents the card to a casino representative at the gaming table. The casino representative enters the player into the tracking software and will input the type of game and average wager per hand in 15-30 minute increments. At the end of the gaming session, the player will be logged out by the casino representative. The tracking software tabulates the amount of points the player earned based on time played and adds it to the player's account.

- After a player has been awarded a prize, they may also be eligible for multiple and subsequent prize(s) until the end of the promotion.
- Players may redeem their points for multiple prizes so long as the total amount of points required for all prizes is within the player's point balance.

- Points may be redeemed at any point during or at the end of the posted promotional period. Points that are not redeemed at the end of the promotional period will expire.

Funding

The Pai Gow Poker Jackpot utilizes a progressive prize pool and fixed prize amounts and will be player-funded via a mandatory \$1 jackpot collection fee. The mandatory jackpot collection fee shall be taken from the player-dealer position per hand.

The Casino will initially seed the jackpot with a minimum amount of \$500. The Casino will be refunded the seeded jackpot amount from the jackpot reserve account once the reserve is sufficient and the funds become available. Additionally, whenever the Casino is required to seed the jackpot or cover the shortfall due to inadequate funds in the reserve account, the Casino will be reimbursed from the jackpot reserve account once the reserve is sufficient and funds become available. If and when the jackpot reaches the cap of \$50,000, all other jackpot collection fees will be placed in the jackpot reserve account.

Pai Gow Poker Jackpot

The fixed prize payout will be paid out from the reserve account. The Casino will cover any shortfall and will be reimbursed once there are sufficient funds in the reserve account. When a progressive qualifying hand is achieved, the jackpot will be re-seeded by the Casino, or from the reserve account, in an amount ranging between \$10 and \$5,000. The jackpot collection fees will be kept in a separate drop box from the regular collection fees and will be kept in a separate account for tracking and accounting purposes. In all instances, patrons shall be provided with ample advance notice of the prize amount.

Administrative Fees

The Black Sheep Casino will retain an administrative fee of \$3 to \$10 per table per hour from all eligible tables. The administrative fees shall be taken from the reserve fund. If enough funds are not available in the reserve fund, the administrative fees shall be logged and accounted for and will be taken once there are sufficient funds. This fee will be used to cover a portion of the cost for security, accounting, equipment, surveillance, and gambling enterprise personnel who administer the jackpot.

Object and Summary

Patrons are awarded Free Play Chips or Match Play Coupons via advertisements in magazines, websites, mailing advertisements, winning a Bureau approved promotion, winning or signing up for a Bureau approved tournament, etc. Players who receive a Free Play Chip(s) or Match Play Coupon will be eligible to win the specific amount on the chip and/or coupon.

Free Play Chip

The Free Play Chips are used in live games exactly like regular chips, the difference being they cannot be exchanged for cash. Free Play Chips shall initially be in the form of a coupon, which shall be offered to all patrons that wish to come to the Casino and use them to play. When a patron receives a Free Play Coupon he or she shall take the coupon to the cage for verification, logging, and redemption of the Free Play Chip(s) to be used in a live game. Free Play Chips shall be used as the player's wager on the betting circle. Free Play Chips shall not be taken into the house dealer's tray, nor shall they be paid from the house dealer's tray.

A player will use a Free Play Chip to place a wager on an eligible game to try and win a hand.

- If a player uses a Free Play Chip and wins his or her hand, the player will receive the value of the Free Play Chip in live chips, paid by the player-dealer. The Free Play Chip shall be collected by the house dealer and given to a key employee. The key employee shall take the Free Play Chip to the cage to be logged and exchanged. The Free Play Chip value in live chips shall be brought back and reimbursed to the player-dealer.

Free Play Chips Promotion

Example: The player would place the \$5 Free Play Chip on the gaming table, pay the posted collection fee (if applicable) and the game would play. If the player wins the hand, the person in the player-dealer position would pay him/her the \$5 just as if they placed a \$5 wager with a live cash-value chip. The Free Play Chip will then be collected by the house dealer and given to a key employee. The key employee shall take the \$5 Free Play Chip to the cage to be logged and exchanged for \$5 in live chips, and brought back to the player-dealer.

- If a player uses a Free Play Chip and loses his or her hand, the player will only lose the Free Play Chip. The Free Chip will be collected by the house dealer and given to a key employee. The key employee will verify it has been used and lost by the player. He or she shall void the chip and take it to the cage.

Example: The player would place a \$5 Free Play Chip on the gaming table, pay the posted collection fee (if applicable) and the game would play. If the player loses the hand, the house dealer shall collect the Free Play Chip and shall give the Free Play Chip to a key employee to be voided.

- If a player uses a Free Play Chip and pushes his or her hand, the player will retain the Free Play Chip to be used again until he or she wins or loses.

Match Play Coupon

A player shall take a Match Play Coupon to an eligible game and place a wager that equals the amount on the coupon.

- If a player uses a Match Play Coupon and wins his or her hand, the player will receive the combined value of the Match Play Coupon and the equal wager placed by the player, paid by the player-dealer. The house dealer shall have a key employee sign the voucher verifying the coupon has been used. The Match Play Coupon will be taken to the cage to be logged and exchanged for live chips. The live chips will be brought back to the player-dealer.

Example: The player would place a \$5 Match Play Coupon and an equal wager of \$5 in live chips on the gaming table. If the player wins his or her hand, he or she will receive \$10 from the player-dealer just as if they placed a \$10 bet. The coupon will be collected by the house dealer and shall be verified and signed by a key employee. The key employee will log and exchange the coupon at the cage and return its value in live chips to the player-dealer.

- If a player uses a Match Play Coupon and loses his or her hand, the player will lose the Match Play Coupon as well as their equal live chip wager. The player-dealer shall be paid the live chip wager of the bet. The Match Play Coupon will be collected by the house dealer and given to a key employee. The key employee will verify it has been used and lost by the player. He or she shall void the coupon.

Funding

The Poker Progressive Jackpots consists of a player-funded progressive prize pool. Jackpot fees will be added to the reserve fund. If the hand does not reach the flop the jackpot fee will not be collected and the Poker Progressive Jackpots will not be offered for that hand.

The Casino shall initially seed the jackpot with an amount ranging between \$1,000 and \$100,000. When the jackpot prize has been awarded, the jackpot prize pool will be re-seeded, by the Casino, at an amount between \$1,000 and \$100,000. The jackpot prize pool shall increase daily at an amount between \$50 and \$10,000. The amount shall be predetermined and posted. The daily jackpot prize pool increase shall be done at a predetermined and designated time. The daily increase to the jackpot prize pool will come from the reserve fund. If there are not sufficient funds in the reserve fund, the Casino will make up the short fall and will not be reimbursed.

Additionally, whenever the Casino is required to seed the jackpot prize pool or cover a shortfall due to inadequate funds in the reserve fund, the Casino shall not be reimbursed.
