Funding

The Texas Hold'em Bad Beat Jackpot 2.0 consists of a player-funded progressive prize pool. During all Texas Hold'em games, when five or more players are dealt in on a hand, a \$1 jackpot fee is taken from the pot and then converted into a single specially branded and marked Casino M8trix Progressive nonredeemable and nonnegotiable jackpot chip. The jackpot chip is placed onto the slider and then immediately dropped into the locked collection drop box and will be added to the reserve fund.

The casino shall initially seed the jackpot with an amount ranging between \$5,000 and \$100,000. When the jackpot prize has been awarded, the jackpot prize pool will be re-seeded at an amount between \$5,000 and \$100,000, from the reserve fund. If there are not sufficient funds in the reserve fund, the casino will make up the short fall.

The jackpot prize pool shall increase daily at an amount between \$100 and \$5,000, dependent on the amount of jackpot fees collected during live play at all eligible tables. The daily jackpot prize pool increase shall be done at a predetermined and designated times. The daily increase to the jackpot prize pool will come from the reserve fund. If there are not sufficient funds in the reserve fund, the casino will make up the short fall.

Additionally, whenever the Casino is required to seed the jackpot prize pool or cover a shortfall due to inadequate funds in the reserve fund, the Casino shall be repaid from the reserve fund once sufficient funds become available.

All fee collections and table limits for the designated controlled game are Bureau approved, pre-determined and posted at each table.

Administrative Fees

The Casino shall retain an administrative fee of \$1 to \$10 per table per hour. The administrative fee shall be taken from the reserve fund. This fee shall cover the costs associated with prizes, administering and accounting for the jackpot.
