STD 399 Economic and Fiscal Impact Statement

Estimated Private Sector Cost Impact

Section A.

The Department does not estimate firearms dealers to incur any additional cost to comply with the revised regulation. Firearms dealers are already required by regulation to submit a hard-copy form to renew their placement on the Centralized List of Firearms Dealers. (Cal. Code Regs., tit. 11, § 4018.) This regulatory proposal codifies the existing renewal process by replacing BOF 4080 with a separate renewal form that will include the certification required by Penal Code section 26806.
