Bureau Requirements

Advertising

The Oceanview Casino may advertise various names for this gaming activity. Should the Casino advertise a different name, the BGC ID (GEGA-004651) shall be referenced on all advertisements relating to this gaming activity.

Furthermore, all rules and procedures for the gaming activity, including but not limited to the following, shall be prominently displayed in the Oceanview Casino at all times the gaming activity is being offered for play:

- Eligible games and time periods.
- Coupon and/or free play chip value(s).
- Procedures to redeem coupons or free play chips.
- Any other applicable restrictions.

Eligible Controlled Games

The Match Play/Free Play Promotion may be attached to all limits and versions of the currently Bureau approved California games offered at the Oceanview Casino. All base game rules will be played as previously approved by the Bureau of Gambling Control.

Object and Summary

Players who receive a match play or free play coupon will be eligible to win the specific amount printed on the coupon if he/she places a wager on an eligible game equal to the amount listed on the match play coupon or if they place a free play chip without placing a wager.

Match Play Coupon

The Casino will offer match play coupons having a face value from \$5 to \$500 per coupon. The amount will be clearly stated on the coupon. Each coupon will state the specific qualifying game(s) that the voucher may be used on. The wager must be equal to the amount of the match play coupon and a player's winning hand will be paid his/her wager as well as the listed amount on the match play coupon. When the player uses a match play coupon and the hand loses, the player will only lose his/her original wager and the match play coupon is collected and voided. The player-dealer will then have a key employee sign the voucher verifying that it has been won. All winning vouchers are verified and signed by a key employee. Winning vouchers may be taken to the cage by the key employee, logged, and exchanged for the value listed on the coupon(s). That amount is then returned to the player-dealer. If a player loses, the player-dealer collects the money part of the wager, and the voucher is voided and collected as well. If the player pushes (receives no action), the voucher may be played again until the player wins or loses a hand.

EXAMPLE: *A person receives a match play voucher with a value of \$5.00 that specifically states it may be used to place a wager on the Blackjack table. The person would place the voucher on the gaming table; place a bet that matches the amount on the voucher, and pay the posted collection (if applicable) for a single hand of play. The collection fee is based only on the wager and not the coupon. If the player wins the hand, he/she will receive \$10.00 just as if they had placed a \$10.00 bet and the player-dealer will collect the voucher.*

Match Play/Free Play Promotion

Free Play Chip

The Casino will offer free play chips having a face value from \$5.00 to \$500.00 per chip. The free play chips are used in live games exactly like regular chips, the difference being that they cannot be exchanged for cash.

The free play chips shall initially be in the form of a coupon, which shall be offered to all patrons that wish to come into the Casino and use them to play. Patrons may be awarded free play coupons via advertisements in magazines, websites, mailing advertisements, winning a Bureau approved promotion, winning or signing up for a Bureau approved tournament, transportation to the Casino via the Casino's bus system, etc. When a patron receives a free play coupon he/she shall take the coupon to the cage for verification, logging, and redemption of the free play chip(s) to be used in a live game. There are no restrictions on the amount of free play chips a player may use. Each coupon shall state the specific qualifying game(s) that the free play chip(s) may be used on. The associate in the cage will then exchange the coupon for the corresponding free play chip, which can then be used for play.

Free play chips shall be used as the player's bet and placed on the betting circle. Free play chips shall not be taken into the dealer's tray, nor shall they be paid from the dealer's tray. The person in the player/dealer position will collect the free play chip. The player-dealer will then have a key employee verify that the chip has been played. A key employee verifies all played free play chips.

The free play chip is taken to the cage by a key employee, logged, and exchanged for the value listed on the chip. That amount is then returned to the player-dealer. If the player loses the hand, the free play chip is forfeited and will be collected by the casino dealer and dropped in the drop box for accounting purposes. If the player pushes (receives no action), the chip may be played again until the player wins or loses a hand.

EXAMPLE: *A person receives a free play chip coupon for \$10.00 that specifically states it can be used to place a wager on the Blackjack table. The player would take the coupon to the cage. Cage personnel would log the redemption code of the coupon and exchange the coupon for a promotional free play chip. The player would then place the free play chip on the gaming table, pay the posted collection (if applicable), and the game would play.*
