Percent of Stops Resulting in Citation 2022-2025

Additional Analysis for Stop Data Section

- Annual demographics
- Longitudinal changes and trends
- Public transportation
- Analysis on collaboration with federal immigration in RIPA data

English Fluency and Race

- Past reports have tracked how demographics such as perceived English fluency and race impact stop occurrences and outcomes
- Board has expressed an interest in understanding the differences observed for those that are both perceived as being in minority groups and lacking English fluency
 - Can also be done longitudinally to see if there is a difference between 2025 and prior years
- Stop actions and outcomes currently being considered for analyses:
 - Person removed from vehicle by order/ Person removed from vehicle by physical contact; Field sobriety test conducted; Curbside detention; Psychiatric hold; Handcuffed; Firearm pointed at person; Asked for consent to search property / Search of property was conducted; Contraband found
- We removed Native Americans and Pacific Islanders because of low counts for specific actions among Non-English Speakers

Percent of Stopped Individuals Perceived as Not Having English Fluency Separated by Race/Ethnicity (2025)

Percentage of Individuals Removed by Vehicle by Order Separated by Perceived Race and English Fluency

Percentage of Individuals Removed by Vehicle by Order Separated by Perceived Race and English Fluency from 2022-2025

Additional Analysis for Policies Section

- Interrupted Time Series analysis on three policies:
 - Pretextual Stops passed locally in Los Angeles (2022) and San Francisco (2023)
 - AB 392 (2019) which established new conditions for the use of force
