#### Article 2.4 Access and Use by Delegates

##### § 824.1. Eligibility for Access to CURES.

(a) Subject to the requirements of section 824.2, subdivision (a), an individual to whom authority is delegated by an Authorizing User may access data in CURES as a Delegate for that Authorizing User if the individual to whom authority is delegated qualifies as at least one of the following:

(1) A Prescriber, Out-of-State Prescriber, Non-DEA Practitioner, Pharmacist, or Out-of-State Pharmacist, who is under the common control of the same Covered Entity as the Authorizing User.

(2) An Authorized Health Care Provider who is under the common control of the same Covered Entity as the Authorizing User.

(3) A Workforce Member who needs access to Protected Health Information to carry out the Workforce Member's duties.

(4) A Veterinary Workforce Member who needs access to Personal Identifying Information to carry out the Veterinary Workforce Member's duties.

(b) An Authorizing User must immediately terminate that Authorizing User's delegation of authority to a Delegate under this article, including the ability of that Delegate to access data in CURES on behalf of that Authorizing User, if any of the following occur:

(1) The Delegate is no longer eligible under subdivision (a).

(2) The terms of the Delegate Agreement between the Authorizing User and the Delegate require termination.

(3) The Delegate Agreement between the Authorizing User and the Delegate is terminated by the Authorizing User or the Delegate prior to the expiration of the term of that Delegate Agreement.

(4) The Authorizing User becomes aware of any violation by the Delegate of any requirements of this article, including the restrictions on accessing data in CURES under section 824.6, and the requirements on use and disclosure of data obtained from CURES under section 824.7.

(c) If an Authorizing User terminates that Authorizing User's delegation of authority to a Delegate under section 824.1, subdivision (b)(4), the Authorizing User must immediately notify the Department and the Authorizing User's Licensing Board or Out-of-State Licensing Board in writing of the termination and the basis of the termination. If a Delegate terminated under section 824.1, subdivision (b)(4), is licensed by a Licensing Board or Out-of-State Licensing Board, the Authorizing User must also immediately notify the Delegate's Licensing Board or Out-of-State Licensing Board in writing of the termination and the basis of the termination.

(d) If an Authorizing User's access to CURES is suspended or terminated, the Department must suspend any Delegate of the Authorizing User from accessing CURES on behalf of that Authorizing User.

Note: Authority cited: Section 11165, Health and Safety Code. Reference: Sections 11030, 11165, 11165.1, 11165.3, 11165.4, 11165.6 and 11190, Health and Safety Code.

### **§ 824.2. Delegate Agreement between Authorizing User and Delegate.**

(a) An Authorizing User must enter into a Delegate Agreement with each Delegate to whom that Authorizing User delegates authority under this article. The Delegate Agreement must meet all of the following requirements:

(1) The Delegate Agreement includes, at a minimum, all of the following:

(A) A statement acknowledging the Authorizing User's understanding of the requirement in section 824.6, subdivision (a).

(B) A statement acknowledging the Delegate's understanding of, and agreement to comply with, the laws and regulations governing the Delegate's access and use of CURES, including the requirements on accessing data in CURES under section

824.6, and the requirements on use and disclosure of data obtained from CURES under section 824.7.

(C) A statement acknowledging the Delegate's understanding that the Delegate's access and use of CURES is subject to audit by the Authorizing User.

(D) A statement acknowledging that the Authorizing User or Delegate may terminate the Delegate Agreement, in either party's sole discretion, prior to the expiration of the term of that Delegate Agreement.

(E) An effective date of the delegation of authority, and an expiration date of the delegation of authority, which will establish the term of the Delegate Agreement.

(2) The Delegate Agreement must only be between one Delegate and one Authorizing User. This limitation does not prevent an Authorizing User from having multiple Delegates, or a Delegate from having multiple Authorizing Users.

(3) The term of the Delegate Agreement between the Delegate and the Authorizing User must not exceed 12 months from the effective date of that Delegate Agreement.

(4) The Delegate Agreement may include additional requirements or provisions to which the parties consent, provided those requirements are consistent with the laws and regulations governing the Delegate's access and use of CURES and which, if found to conflict, will be subordinate to the laws and regulations governing the Delegate's access and use of CURES.

(5) The Delegate Agreement must be signed and dated by the Delegate and the Authorizing User.

(b) Upon expiration of the term of a Delegate Agreement between a Delegate and an Authorizing User, the Authorizing User's delegation of authority to that Delegate will be automatically terminated, unless the Authorizing User and the Delegate enter into a new Delegate Agreement under this section that takes effect upon expiration of the term of the existing Delegate Agreement.

(c) A fully executed copy of any Delegate Agreement between a Delegate and an Authorizing User under this section must be retained by both parties for a period of five years from the expiration of the term of that Delegate Agreement. Upon request, the Delegate and Authorizing User must provide the Delegate Agreement to the Authorizing User's Licensing Board or Out-of-State Licensing Board, the California Department of Consumer Affairs, or the Department.

Note: Authority cited: Section 11165, Health and Safety Code. Reference: Sections 11030, 11165, 11165.1, 11165.3, 11165.4, 11165.6 and 11190, Health and Safety Code.

**§ 824.3. Procedures to Register for Access to CURES.**

(a) “Delegate Registration Application,” when used in this section, means the Web-form application developed by the Department, under Health and Safety Code section 11165.1, for a Delegate to obtain approval to electronically access CURES.

(b) An applicant must electronically submit the Delegate Registration Application, located on the CURES Web page of the Department’s Web site.

**§ 824.4. Procedure to Activate a Delegate Association in CURES.**

(a) A Delegate association may be activated in the Web-Based Application.

(b) To activate a Delegate association in the Web-Based Application, a Delegate-User must provide the Authorizing User's Delegate association code.

Note: Authority cited: Section 11165, Health and Safety Code. Reference: Sections 11030, 11165, 11165.1, 11165.3, 11165.4, 11165.6 and 11190, Health and Safety Code.

**§ 824.5. Data Accessible to Delegate-Users in CURES.**

(a) Subject to the restrictions of section 824.6, a Delegate-User may obtain a Patient Activity Report.

(1) A Patient Activity Report generated by a Delegate-User whose Authorizing User is a veterinarian will only display reported dispensations for Animal Patient Entities.

(b) A Delegate-User may access data in CURES for a Search Period not to exceed 24 months from the date of the search.

Note: Authority cited: Section 11165, Health and Safety Code. Reference: Sections 11030, 11165, 11165.1, 11165.3, 11165.4, 11165.6 and 11190, Health and Safety Code.

**§ 824.6. Restrictions on Accessing Data in CURES.**

(a) An Authorizing User is responsible for all access and use of CURES by a Delegate-User to whom that Authorizing User has delegated authority under this article, including the Delegate-User's compliance with the requirements of this article.

(b) A Delegate-User must only access data in CURES on behalf of an Authorizing User if all of the following requirements are met:

(1) The Delegate-User and Authorizing User have an active Delegate Agreement.

(2) The Delegate-User complies with all requirements of the Delegate Agreement entered into between the Delegate and the Authorizing User.

(3) The Delegate-User complies with all requirements on accessing data in CURES applicable to the Authorizing User, as follows:

(A) If the Authorizing User is a Prescriber-User, the Delegate-User must comply with section 821.4. For purposes of complying with section 821.4, subdivision (a)(1), the patient whose information is being searched must be Under the Care of the Prescriber-User on whose behalf the Delegate-User is accessing that information.

(B) If the Authorizing User is a Non-DEA Practitioner-User, the Delegate-User must comply with section 822.4. For purposes of complying with section 822.4, subdivision (a)(1), the patient whose information is being searched must be Under the Care of the Non-DEA Practitioner-User on whose behalf the Delegate-User is accessing that information.

(C) If the Authorizing User is a Pharmacist-User, the Delegate-User must comply with section 823.4. For purposes of complying with section 823.4, subdivision (a)(1), the patient whose information is being searched must be Under the Care of the Pharmacist-User on whose behalf the Delegate-User is accessing that information.

Note: Authority cited: Section 11165, Health and Safety Code. Reference: Sections 11030, 11165, 11165.1, 11165.3, 11165.4, 11165.6 and 11190, Health and Safety Code.

#### **§ 824.7. Restrictions on Use or Disclosure of Data Obtained from CURES.**

(a) A Delegate-User must not use, disclose, or transfer data obtained from CURES unless the use, disclosure, or transfer is consistent with all of the following:

(1) The use, disclosure, or transfer is for the same authorized purpose for which the data was originally requested under section 824.6, subdivision (b), and the disclosure or transfer is limited to the Authorizing User for whom the data was requested.

(2) The use, disclosure, or transfer complies with all applicable federal and State privacy, confidentiality, and security laws and regulations, including, but not limited to:

(A) The Confidentiality of Medical Information Act (Part 2.6 (commencing with section 56) of Division 1 of the Civil Code).

(B) The HIPAA Regulations.

### **Article 3. Research**

#### **§ 8268.1. Eligibility for Access to Data from CURES.**

(a) A public or private entity is eligible to obtain data from CURES, subject to the limitations specified in section 8268.2.

(b) A Bona Fide Researcher is eligible to obtain data from CURES.

Note: Authority cited: Section 11165, Health and Safety Code. Reference: Section 11165, Health and Safety Code; and Section 1798.24, Civil Code.

**§ 8268.2. Data Accessible to Bona Fide Researchers or Public or Private Entities.**

(a) Subject to the restrictions of this section, a public or private entity that is not a Bona Fide Researcher is limited to obtaining Aggregated Data from CURES.

(b) Subject to the restrictions of this section, a Bona Fide Researcher may obtain all of the following data from CURES:

- (1) Aggregated Data.
- (2) De-Identified Individual-Level Data.
- (3) Identified Individual-Level Data.

Note: Authority cited: Section 11165, Health and Safety Code. Reference: Section 11165, Health and Safety Code; and Section 1798.24, Civil Code.

**§ 8268.3. Restrictions on Accessing Data from CURES.**

A public or private entity, or a Bona Fide Researcher, must only obtain data from CURES for educational purposes, Peer Review purposes, statistical purposes, or Research Purposes.

Note: Authority cited: Section 11165, Health and Safety Code. Reference: Section 11165, Health and Safety Code; and Section 1798.24, Civil Code.

**§ 8268.4. Restrictions on Use or Disclosure of Data Obtained from CURES.**

(a) An Interested Party must only use data from CURES to support the educational purposes, Peer Review purposes, statistical purposes, or Research Purposes, as specified in the Written Request for Aggregated Data, defined in section 8268.5, subdivision (a), or Data Request Application, defined in section 8268.6, subdivision (a).

(b) For Identified Individual-Level Data or De-Identified Individual-Level Data, a Bona Fide Researcher must only obtain data from CURES during the access period defined in the Bona Fide Researcher's Data Request Application.

(c) To protect patient confidentiality and to confirm that data from CURES obtained in accordance with this section is used for the purposes for which it was requested, the Bona Fide Researcher must provide to the Department's Research Center, for review and comment, sufficiently in advance of any publication or dissemination, a complete draft of any report, evaluation, or other document, and the final publication. This requirement is not applicable if the Bona Fide Researcher only obtains Aggregated Data.

(d) An Interested Party must not disclose, transfer, or disseminate data from CURES, unless expressly authorized by this section or approved in writing by the Department's Research Center.

(e) A Bona Fide Researcher must not disclose or disseminate any data or documents identifying any individual, including, but not limited to, a patient, Prescriber, Out-of-State Prescriber, Pharmacist, or Out-of-State Pharmacist, except to the Department's Research Center, absent the written consent of that identified individual, unless approved in writing by the Department's Research Center.

(f) A Bona Fide Researcher must aggregate Identified Individual-Level Data or De-Identified Individual-Level Data from CURES before it is published to ensure that it does not create a risk of identifying individuals.

(g) An Interested Party must not release, disclose, or disseminate data or documents from CURES in any form if there is a reasonable possibility that an individual, including, but not limited to, a patient, Prescriber, Out-of-State Prescriber, Pharmacist, or Out-of-State Pharmacist, can be directly or indirectly identified from the information released, unless approved in writing by the Department's Research Center. Data from CURES is considered to have a reasonable possibility of indirectly identifying an individual, including, but not limited to, a patient, Prescriber, Out-of-State Prescriber, Pharmacist, or Out-of-State Pharmacist, if it includes:

(1) Any of the following identifying information:

(A) Name.

(B) Date of birth.

(C) Race.

(D) Gender.

- (E) Income.
- (F) Ethnicity.
- (G) Age.
- (H) Health conditions.
- (I) Use of a drug abuse treatment facility.
- (J) Pregnancy.
- (K) HIPAA identifiers [under 45 Code of Federal Regulations part 164.514, subdivision \(b\)\(2\)\(i\)](#), including, but not limited to, any of the following:

1. Phone number.
2. Email address.
3. Social security number.
4. Driver's license number.
5. PII or any other personal information, if that information, either alone or in combination with other factors, including geographic area, creates a risk of indirectly identifying that individual, including, but not limited to, a patient, Prescriber, Out-of-State Prescriber, Pharmacist, or Out-of-State Pharmacist.
6. Geographical units of fewer than 20,000 people.

(2) Rates, frequencies, other tabulations, or combined factors, [including geographic information other than state and county-level information, and social stratification information, including gender, race, and economics](#), which result in the reporting of data for fewer than ~~2~~[10](#) individuals.

(h) If the Department's Research Center determines that any publication, dissemination, disclosure, or release of data from CURES or analyses could compromise the identity of any individual, Prescriber, Out-of-State Prescriber, Pharmacist, or Out-of-State Pharmacist, the Interested Party must not publish, disseminate, disclose, or release, that publication, dissemination, or disclosure containing any data from CURES.

[\(i\) An Interested Party must not re-identify or attempt to re-identify De-Identified Individual-Level Data or Aggregated Data from CURES.](#)

~~(j)~~ An Interested Party must not sell any data from CURES.

(~~j~~k) An Interested Party must not disclose or transfer data from CURES in a legal proceeding or in response to a subpoena in the absence of a court order. An Interested Party must give immediate notice to the Department’s Research Center of any subpoena or other legal proceeding in which the disclosure of data from CURES is requested.

(~~k~~l) A public or private entity, or a Bona Fide Researcher, must notify the Department’s Research Center when the project, as specified in the applicable Data Request Application or Written Request for Aggregated Data, has been completed. All restrictions imposed in this section regarding use or disclosure of data from CURES survive the completion of the project.

(~~m~~) A Team Member is limited to accessing or analyzing data obtained by a Bona Fide Researcher.

Note: Authority cited: Section 11165, Health and Safety Code. Reference: Section 11165, Health and Safety Code; and Section 1798.24, Civil Code.

#### **§ 8268.5. Procedures for Requesting Aggregated Data from CURES.**

(a) “Written Request for Aggregated Data,” when used in this section, means the written request a public or private entity, or a Bona Fide Researcher, must submit to obtain approval to receive Aggregated Data from CURES.

(b) A public or private entity, or a Bona Fide Researcher, must electronically submit a complete Written Request for Aggregated Data to the Department’s Research Center.

(c) To complete a Written Request for Aggregated Data, a public or private entity, or a Bona Fide Researcher, must provide all of the following information in the Written Request for Aggregated Data:

- (1) Designation as a new request or a modified request.
- (2) Date of request.
- (3) Name, phone number, and email address of the public or private entity, or the Bona Fide Researcher.
- (4) Address, city, state, and postal code of the public or private entity, or the Bona Fide Researcher.
- (5) Name of the public agency or research body with which the public or private entity, or the Bona Fide Researcher, is affiliated.

- (6) Project title.
  - (7) Project outline that describes all of the following:
    - (A) The purposes and objectives of the project or report.
    - (B) How the requested data will be used to support the educational purposes, Peer Review purposes, statistical purposes, or Research Purposes, of the project.
    - (C) The expected benefits of the project.
    - (D) The proposed project design and methodology, including, but not limited to, a detailed description of the requested Aggregated Data from CURES.
    - (E) If applicable, any information pertaining to other formal project approvals, including institutional review board approvals for the academic community.
  - (8) Signature of the public or private entity's authorized representative, or of the Bona Fide Researcher, and the date of signature of the public or private entity's authorized representative, or of the Bona Fide Researcher, acknowledging the restrictions on use or disclosure of data from CURES, as specified in section 8268.4.
- (d) If the Written Request for Aggregated Data is approved, the Department's Research Center will securely transfer the requested Aggregated Data to the public or private entity, or the Bona Fide Researcher.

Note: Authority cited: Section 11165, Health and Safety Code. Reference: Section 11165, Health and Safety Code; and Section 1798.24, Civil Code.

**§ 8268.6. Procedures for Requesting Identified Individual-Level Data and De-Identified Individual-Level Data from CURES.**

- (a) "Data Request Application," when used in this section, means the application developed by the Department's Research Center for a Bona Fide Researcher to obtain approval to receive Identified Individual-Level Data or De-Identified Individual-Level Data from CURES.
- (b) A Bona Fide Researcher must electronically submit a completed Data Request Application to the Department's Research Center.
- (c) To complete the Data Request Application, a Bona Fide Researcher must provide all of the following information on the Data Request Application:
  - (1) Designation as a new request or a modified request.

- (9) List of information for each Team Member that includes all of the following:
  - (A) Name of Team Member.
  - (B) The physical location from which the Team Member will access individual-level data from CURES.
  - (C) Whether the Team Member is part of the data analysis team.
  - (D) Whether the Team Member is part of the IT team.
- (10) Signature of the Bona Fide Researcher, and date of signature of the Bona Fide Researcher.
- (11) Completed Data Request Application checklist that includes all of the following:
  - (A) Project outline that describes all of the following:
    1. The purposes and objectives of the project or report.
    2. How the requested data will be used to support the educational purposes, Peer Review purposes, statistical purposes, or Research Purposes, of the project.
    3. The expected benefits of the project.
    4. If applicable, the funding source of the project or report, including all of the following:
      - a. Whether the funding source is a public or private grant.
      - b. The grant period.
      - c. The grant expiration date.
    5. Proposed project design and methodology, including, but not limited to:
      - a. Where the data analysis will be conducted.

b. A detailed description of the requested individual-level data from CURES.

6. Security measures the Bona Fide Researcher has in place to prevent the unauthorized access of hard copies or electronic files containing Identified Individual-Level Data or De-Identified Individual-Level Data from CURES, including, but not limited to:

- a. Encryption methods.
- b. Anti-virus software.
- c. Network security.
- d. Physical storage location of the data.
- e. Risks or confidentiality issues related to the storage location.
- f. Whether the data is stored on a device with an internet connection.
- g. Any software protection on the device on which the data is stored.
- h. Whether hard copies of the data will be stored.
- i. If Identified Individual-Level Data is requested, how the Bona Fide Researcher will ensure the elimination of individual identifiers from subject records or publications when the project is completed.

7. Whether the Bona Fide Researcher is capable of transferring data over a secure file transfer protocol.

8. If applicable, any information pertaining to other formal project approvals, including institutional review board approvals for the academic community.

(B) Curriculum vitae of the Bona Fide Researcher.

(C) Signature of the Bona Fide Researcher, and the date of signature of the Bona Fide Researcher, acknowledging the restrictions on use or disclosure of data from CURES, as specified in section 8268.4.

[\(D\) Completed Data Request Application security requirements acknowledgement that includes all of the following:](#)

1. The name, the signature, and the date of signature of the public agency's or research body's information security officer or IT manager.

(~~D~~E) Completed Data Request Application supplemental security ~~checklist~~requirements acknowledgement that includes all of the following:

1. The name of the public agency or research body.
2. The name, position, signature, and date of signature, of the public agency's or research body's information security officer or IT manager.

(~~E~~F) Any relevant research materials, including, but not limited to:

1. Proposals.
2. Endorsements.
3. Questionnaires.

(~~F~~G) Copy of the institutional review board approval and all documentation submitted as part of that review and approval process, including the application number and expiration date. This requirement is not applicable if the Bona Fide Researcher is a public health officer, acting in the capacity of a public health officer, and is requesting De-Identified Individual-Level Data. This approval must demonstrate that the institutional review board is aware of, and has considered, relevant federal and State laws and regulations regarding the general use of human subjects, and specifically the use of human subjects who are incarcerated, minors, or otherwise vulnerable populations.

~~(G) If the Bona Fide Researcher is requesting Identified Individual Level Data, the Bona Fide Researcher must provide the prior written voluntary consent of any individual for whom Identified Individual Level Data is being requested on the Data Request Application, in accordance with the requirements of this section and Civil Code section 1798.24, subdivision (b). Identified Individual Level Data may be disclosed under Civil Code section 1798.24, subdivision (b), only with the prior written voluntary consent of the individual to whom the data pertains. The individual's written consent must be retained for at least as long as the individual's Identified Individual Level Data is retained by the Bona Fide Researcher. The Bona Fide Researcher must obtain an individual's written consent not more than 30 days before obtaining that individual's Identified~~

~~Individual-Level Data from CURES, or within the time limit agreed to by the individual in the individual's written consent. A Bona Fide Researcher must not obtain an individual's Identified Individual-Level Data from CURES outside of that 30 days, or the time limit agreed to by the individual in the individual's written consent, unless the individual has provided a renewed written voluntary consent.~~

~~1. Each individual written consent must certify, in addition to any other requirements, all of the following:~~

~~a. That the consent is voluntary.~~

~~b. That the individual understands the individual's identity will never be revealed.~~

~~c. That the individual understands the individual may withdraw consent at any time.~~

~~d. The principle purpose or purposes for which the information is to be used.~~

~~e. The period of time, including start and end dates, during which the individual's Identified Individual-Level Data from CURES will be acquired.~~

~~f. The individual's right of access to records containing that individual's PII that was acquired, or is possessed, under the Data Request Application.~~

~~2. If any individual withdraws consent to obtain that individual's Identified Individual-Level Data from CURES, the Bona Fide Researcher must immediately notify the Department's Research Center of that withdrawal of consent. If consent is withdrawn, the Bona Fide Researcher may retain any of that individual's Identified Individual-Level Data that was already collected from CURES under any previous consent.~~

(H) If the Bona Fide Researcher is requesting Identified Individual-Level Data, the Bona Fide Researcher must comply with Civil Code section 1798.24, subdivision (b), or Civil Code section 1798.24, subdivision (t).

1. To comply with Civil Code section 1798.24, subdivision (b), for purposes of this article, the Bona Fide Researcher must provide a signed Consent for Use of Personal Information from CURES Form (Orig. 07/2021), incorporated by reference in this chapter, for each individual for whom Identified Individual-Level Data is being requested on the Data Request Application. Each signed Consent for Use of Personal Information Form must be retained for at least as long as each consenting individual's Identified Individual-Level Data is retained by the Bona Fide Researcher. The Bona Fide Researcher must obtain a signed Consent for Use of Personal Information Form from each individual not more than 30 days before obtaining the individual's Identified Individual-Level Data from CURES, or within the time limit agreed to by the individual in the individual's signed Consent for Use of Personal Information Form. A Bona Fide Researcher must not obtain an individual's Identified Individual-Level Data from CURES outside of that 30 days, or the time limit agreed to by the individual in the individual's signed Consent for Use of Personal Information Form, unless the individual has provided a renewed Consent for Use of Personal Information Form. If any individual withdraws consent to obtain that individual's Identified Individual-Level Data from CURES, the Bona Fide Researcher must immediately notify the Department's Research Center of that withdrawal of consent.

2. To comply with Civil Code section 1798.24, subdivision (t), for purposes of this article, the Bona Fide Researcher must obtain formal approval for the use of Identified Individual-Level Data, in accordance with the requirements of Civil Code section 1798.24, subdivision (t), by the Committee for the Protection of Human Subjects for the California Health and Human Services Agency or the Bona Fide Researcher's institutional review board, if that institutional review board has a written agreement with the Committee for the Protection of Human Subjects for that institutional review board to provide the data security approvals required by Civil Code section 1798.24, subdivision (t). The Bona Fide

Researcher may first submit its application to the Department's Research Center. The Department's Research Center may provide written documentation to the Bona Fide Researcher to allow the Committee for the Protection of Human Subjects to review the Bona Fide Researcher's application. The Bona Fide Researcher must provide written verification to the Department's Research Center of formal approvals by the Committee for the Protection of Human Subjects or the Bona Fide Researcher's institutional review board, if operating under a written agreement under Civil Code section 1798.24, subdivision (t), for the request of Identified Individual-Level Data from CURES. The written verification must include the review and determination by the Committee for the Protection of Human Subjects or the Bona Fide Researcher's institutional review board, if operating under a written agreement under Civil Code section 1798.24, subdivision (t), that the data security approvals required by Civil Code section 1798.24, subdivision (t), have been satisfied.

(~~H~~I) Certification of human subjects protection training for the Bona Fide Researcher and all Team Members.

(d) If the Bona Fide Researcher requests remote access authorization, the Bona Fide Researcher and each applicable Team Member must complete and submit a Researcher Confidentiality and Non-Disclosure Agreement (Orig. 07/2021), incorporated by reference in this chapter, and a Researcher Data Access User Agreement (Orig. 07/2021), incorporated by reference in this chapter. If the Bona Fide Researcher or any Team Member is unable to meet the security requirements of the Researcher Data Access User Agreement, that Bona Fide Researcher or Team Member may submit a Security Variance Form for Data Access Non-Compliance of Security Requirements (Orig. 07/2021), incorporated by reference in this chapter, for consideration by the Department's Research Center.

(~~d~~e) If the Data Request Application is approved, the Bona Fide Researcher and all Team Members must complete and submit a notarized identification verification. After ~~the~~ all notarized identification verifications, applicable Researcher Confidentiality and Non-Disclosure Agreements, applicable Researcher Data Access User Agreements, and applicable Security

Variance Form for Data Access Non-Compliance of Security Requirements ~~are~~ is received and approved, the Department's Research Center will securely transfer the requested De-Identified Individual-Level Data or Identified Individual-Level Data to the Bona Fide Researcher.

(~~e~~) The Bona Fide Researcher must complete the Department's Research Center renewal process during the 90 days before the expiration date of the approved Data Request Application. The Department's Research Center will notify the Bona Fide Researcher to submit a project renewal before the expiration date of the approved Data Request Application. A Bona Fide Researcher must submit all of the following:

(1) A written project renewal ~~must be submitted in writing~~, on the Bona Fide Researcher's official letterhead, to the Department's Research Center, ~~and~~ that includes all of the following information:

(~~1~~A) Any personnel changes and updated contact information, including removal or addition of the Bona Fide Researcher or other Team Members.

(~~2~~B) Any technology changes to the location or procedures around where the individual-level data from CURES is stored or accessed.

(~~3~~C) Any environmental changes to the location or procedures around where the individual-level data from CURES is stored or accessed.

(~~4~~D) The name and contact information of the public agency's or research body's information security officer or IT manager.

(~~5~~E) If applicable, a copy of the institutional review board approval and all documentation submitted as part of that review and approval process, including the application number and expiration date.

(~~6~~F) A certification of human subjects protection training for the Bona Fide Researcher and all Team Members.

(2) If continued remote access authorization is requested, renewed Researcher Confidentiality and Non-Disclosure Agreements and Researcher Data Access User Agreements for the Bona Fide Researcher and each Team Member. If the Bona Fide Researcher or any Team Member is unable to meet the security requirements of the Researcher Data Access User Agreement, that Bona Fide Researcher or Team Member may submit a Security Variance Form for consideration by the Department's Research Center.

(fg) When the Bona Fide Researcher has concluded a research project or report, in accordance with the restrictions on use or disclosure of data from CURES, as specified in section 8268.4, the Bona Fide Researcher must submit to the Department’s Research Center, in writing, a signed and dated certificate of data destruction confirming all of the following:

- (1) The project name and project number.
- (2) The type of data to be destroyed.
- (3) The name of the Bona Fide Researcher.
- (4) All confidential information received from the Department’s Research Center has been sanitized using one or more of the approved destruction methods listed in National Institute of Standards and Technology (NIST) Special Publication 800-88, Revision 1, Guidelines for Media Sanitation (December 2014).
- (5) The date that all electronic files containing Identified Individual-Level Data or De-Identified Individual-Level Data from CURES were destroyed.
- (6) The name of the witness or witnesses.
- (7) The position of the witness or witnesses in the research team.
- (8) Acknowledgement by the Bona Fide Researcher that failure to comply with the data destruction protocols required by this section may result in an audit of the project associated with the Identified Individual-Level Data or De-Identified Individual-Level Data from CURES.
- (9) A description of the items disposed of or destroyed.
- (10) An explanation of the method of destruction used.

(gh) National Institute of Standards and Technology (NIST) Special Publication 800-88, Revision 1, Guidelines for Media Sanitation (December 2014) is incorporated by reference in this chapter.

## **Article 5. Information Exchange Web Service**

### **§ 82830.1. Eligibility for Integration with the Information Exchange Web Service.**

An entity operating a HIT System must be a ~~“eCovered eEntity”~~ or ~~“bBusiness aAssociate,”~~ ~~as those terms are defined in the HIPAA Regulations,~~ with respect to any data from CURES the HIT System may receive through the Information Exchange Web Service.

Note: Authority cited: Section 11165, Health and Safety Code. Reference: Sections 11165 and 11165.1, Health and Safety Code.

### **§ 82830.2. Procedures for Integration with the Information Exchange Web Service.**

(a) “Integration Application Package,” when used in this section, means the application package developed by the Department for an entity operating a HIT System to request system integration with CURES.

(b) An entity operating a HIT System must submit a hard-copy of a completed Integration Application Package to CURES PDMP by mail.

(c) An entity operating a HIT System must provide all of the following information in the Integration Application Package:

- (1) A signed memorandum of understanding.
- (2) A completed CURES Information Exchange Web Service Onboarding Questionnaire (~~July 2021~~ ~~December 2019~~), incorporated by reference in this chapter.
- (3) A Connectivity Fee check made payable to the “California Department of Justice.”

(d) An entity operating a HIT System must comply with the technical specifications identified in the CURES Information Exchange Web Service Overview (~~July 2021~~~~December 2019~~), incorporated by reference in this chapter.

Note: Authority cited: Section 11165, Health and Safety Code. Reference: Sections 11165 and 11165.1, Health and Safety Code.

**§ ~~828~~30.3. Requirements for HIT System Use of the Information Exchange Web Service.**

(a) In accordance with Health and Safety Code section 11165.1, subdivision (a)(1)(E)(i), an entity that operates a HIT System is prohibited from using or disclosing data from CURES received through the Information Exchange Web Service for any purpose other than delivering the data from CURES to the authorized Prescriber-User-~~or~~, Non-DEA Practitioner-User, or Pharmacist-User identified in section 830.3, subdivision (c)(~~35~~)(~~E~~), or performing data processing activities that may be necessary to enable the delivery, unless authorized by, and pursuant to, State and federal privacy and security laws and regulations.

(b) In accordance with Health and Safety Code section 11165.1, subdivision (a)(1)(E)(ii), and in the manner described in section 830.3, subdivision (c)(~~35~~)(~~E~~), a HIT System must authenticate the identity of the authorized Prescriber-User-~~or~~, Non-DEA Practitioner-User, or Pharmacist-User initiating a request, or on whose behalf the HIT System is initiating a request, to the Information Exchange Web Service.

(c) In accordance with Health and Safety Code section 11165.1, subdivision (a)(1)(E)(ii), a HIT System, on behalf of an authorized Prescriber-User-~~or~~, Non-DEA Practitioner-User, or Pharmacist-User, must submit all of the following information to the Information Exchange Web Service with each request for a Patient Activity Report:

- (1) The date and time of the search.
- (2) Patient first name and patient last name.
- (3) Patient date of birth.
- (4) Search Period.
- (5) The identification of the authorized Prescriber-User-~~or~~, Non-DEA Practitioner-User, or Pharmacist-User for whom the HIT System is submitting a request. A HIT System must only identify one authorized Prescriber-User, Non-DEA Practitioner-User, or

Pharmacist-User for each request. The Prescriber-User, Non-DEA Practitioner-User, or Pharmacist-User whose identity is submitted must be the intended recipient of the data.

(A) To authenticate the identity of the authorized Prescriber-User, a HIT System must submit the Prescriber-User's first name, Prescriber-User's last name, Prescriber-User's State License Number, and Prescriber-User's national provider identifier number.

(B) To authenticate the identity of the authorized Non-DEA Practitioner-User, a HIT System must submit the Non-DEA Practitioner-User's first name, Non-DEA Practitioner-User's last name, Non-DEA Practitioner-User's State License Number, and Non-DEA Practitioner-User's national provider identifier number.

(C) To authenticate the identity of the authorized Pharmacist-User, a HIT System must submit the Pharmacist-User's first name, Pharmacist-User's last name, Pharmacist-User's State License Number, and Pharmacist-User's pharmacy business name.

~~(A) To authenticate the identity of the authorized Prescriber-User or Pharmacist-User, a HIT System must submit all of the following information for each request:~~

~~1. The first name and last name of the authorized Prescriber-User or Pharmacist-User.~~

~~2. The DEA Number of the authorized Prescriber-User or the State License Number of the authorized Pharmacist-User.~~

~~(B) A HIT System must only identify one authorized Prescriber-User or Pharmacist-User for each request.~~

(d) If a HIT System uses predefined criteria to trigger an automated request to CURES on behalf of an authorized Prescriber-User ~~or, Non-DEA Practitioner-User, or~~ Pharmacist-User, the request must conform to that Prescriber-User's ~~or, Non-DEA Practitioner-User's, or~~ Pharmacist-User's restrictions on accessing ~~patient information data in CURES~~ under section 821.4 ~~or, section 822.4,~~ or section 823.4, respectively.

(e) In accordance with Health and Safety Code section 11165.1, subdivision (a)(1)(E)(iii), a HIT System must comply with applicable patient privacy and information security requirements of federal and State laws and regulations, including, but not limited to:

(1) The Confidentiality of Medical Information Act (Part 2.6 (commencing with section 56) of Division 1 of the Civil Code).

(2) The HIPAA Regulations.

(3) The California Uniform Controlled Substances Act, including Health and Safety Code sections 11165 and 11165.1.

(f) In accordance with Health and Safety Code section 11165.1, subdivision (a)(1)(E)(iv), an entity that operates a HIT System must maintain an active memorandum of understanding with the Department.

Note: Authority cited: Section 11165, Health and Safety Code. Reference: Sections 11165 and 11165.1, Health and Safety Code.
