Re: Notice of Violations of California Health & Safety Code Section 25249.5 et seq.

Dear Addressees:

I represent the Environmental Research Center ("ERC") in connection with this Notice of Violations of California's Safe Drinking Water and Toxic Enforcement Act of 1986, which is codified at California Health & Safety Code Section 25249.5 et seq. and also referred to as Proposition 65.

ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

The name of the Company covered by this notice that violated Proposition 65 (hereinafter "the Violators") is:

TriVita, Inc.

The products that are the subject of this notice and the chemicals in those products identified as exceeding allowable levels are:

TriVita Inc. Leanology 180 Capsules - Lead
TriVita Inc. Leanology Nutritional Shake Chocolate (908g) - Lead
TriVita Inc. Leanology Appetite Control Chews Chocolate Mocha 60 Soft Chews - Lead

Notice of Violations of California Health & Safety Code §25249.5 *et seq.*

Page 2

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead and lead compounds as chemicals known to cause cancer.

This letter is a notice to each of the Violators and the appropriate governmental authorities of the Proposition 65 violations concerning the listed products. This notice covers all violations of Proposition 65 involving the Violators currently known to ERC from the information now available. ERC may continue to investigate other products that may reveal further violations. A summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is enclosed with the copy of this letter to each of the Violators.

Each of the Violators has manufactured, marketed, distributed, and/or sold the listed products, which have exposed and continue to expose numerous individuals within California to the identified chemicals. The consumer exposures that are the subject of this notice result from the purchase, acquisition, handling and/or recommended use of these products by consumers. The primary route of exposure to these chemicals has been through ingestion, but may have also occurred through inhalation and/or dermal contact. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemicals. The method of warning should be a warning that appears on the product's label. Each of the Violators violated Proposition 65 because they failed to provide an appropriate warning to persons using and/or handling these products that they are being exposed to the identified chemicals. Each of these ongoing violations has occurred on every day since March 11, 2011, as well as every day since the products were introduced in the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users.

Pursuant to Section 25249.7(d) of the statute, ERC intends to file a citizen enforcement action sixty days after effective service of this notice unless each of the Violators agrees in an enforceable written instrument to: (1) reformulate the listed products so as to eliminate further exposures to the identified chemicals; and (2) pay an appropriate civil penalty. Consistent with the public interest goals of Proposition 65 and my client's objectives in pursuing this notice, ERC is interested in seeking a constructive resolution to this matter. Such resolution will avoid both further unwarned consumer exposures to the identified chemicals and expensive and time consuming litigation.

ERC's address 5694 Mission Center Road #199, San Diego, CA 92108; Tel. (619) 309-4194. However, ERC has retained me in connection with this matter, and all communications regarding this Notice of Violations should be directed to my attention at the above listed law office address and telephone number.

Sincerely,

Philip T. Emmons, Esq.

CERTIFICATE OF MERIT

Re: Environmental Research Center's Notice of Proposition 65 Violations by TriVita, Inc.

I, Philip T. Emmons, declare:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged the party identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.
2. I am an attorney for the noticing party.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the notice.
4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.
5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.
